NEW Electric HD Actuator

Smarter. Stronger. Longer.

With flexible on-board controls, smart design solutions, high performance and unrivalled environmental protection, the Electrak HD Linear Actuator opens a larger range of hydraulic

applications to electric conversion.

NEW DriveSpin Modular DSM070 Actuator

The New DriveSpin Modular DSM070 Actuator, with its optimal price ratio and highly dynamic performance, meets the most demanding of applications.

Its modular rotary positioning provides controlled rotary motion and transfer of torque with high accuracy and precision.

Heason at Drives & Controls 2016

See us at...
DRIVES & CONTROLS
2016

Heason will be exhibiting at this year's **Drives & Controls Show** at the NEC, Birmingham from 12th - 14th April.

See us on **Stand D192** for all your motion control requirements. Our Hexapod will also be making an appearance along with a wide range of motors, drives, stages, actuators, gears, motion controllers and slip rings.

CLICK HERE to receive your **VIP GUEST PASS** or to book in a time to talk to one of our motion specialists.

Our Top 3 Servomotors

Servomotors are just one category of advanced motion products we offer to our customers. We've taken a look back over the last few months and brought you a review of our **Top 3 Servomotors**.

CLICK HERE to read the full review.

Heason has spares!

Need a last minute spare? We have a selection of **servo spares** available for immediate dispatch!

Have a browse and call us on **+44 (0) 1403 792 300**.
